Languages and Peoples of the Eastern Himalayan Region (LPEHR)

Journal template for Typst markup

Kellen Parker van Dam
Nagaland University, Universitat Passau

Abstract

This is the template for *Languages and Peoples of the Eastern Himalayan Region (LPEHR)* redone from the previous LaTeX template used in 22.2 and 23.2, instead redone in the Markdown-based Typst system (https://typst.app/). It offers easier formatting than the previous template, with greater consistency in terms of spacing, handling multiple authors and affiliations, and in general provides an easier way to typeset the submissions of contributors. Since the papers are handled entirely in Markdown, there is no need to learn LaTeX, install various packages locally, or have an account with services such as Overleaf.

1. Introduction

Citations are in APA format. New commands have been written for author plus year in parentheses, i.e. Abramson (2004), full enclosed in parentheses (Abramson & Erickson 1978), or just the year, e.g. 2006 for Accone (2006).

2. Second heading

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magnam aliquam quaerat voluptatem. Ut enim aeque doleamus animo, cum corpore dolemus, fieri tamen permagna accessio potest, si aliquod aeternum et infinitum impendere malum nobis opinemur. Quod idem licet transferre in voluptatem, ut.

Bibliography needs the number removed. Still working on that.
